PRIZES

All cash prizes awarded at this Exhibition will be increased by no less than 20 per cent., from the money granted by the Dominion Government.

EQUALIZATION OF FREIGHT

Freight on all exhibits at this Exhibition within 100 miles of Toronto to be paid by exhibitors; the excess of freight over 100 miles to or from Toronto and extending to Montreal on the East and Port Arthur on the West, both inclusive, will be paid by the Exhibition Association.

Freight East of Montreal and including the Maritime Provinces, also West of Port Arthur, will be paid in full by the Association.

Payments will be made, only on production of the freight bills, from the Government made by the Dominion Government for that purpose.

GENERAL

From August 17th to August 28th, the Grounds and Buildings will be open to exhibitors and their assistants only from 7 a.m. to 6 p.m. These are preparation days, and all exhibits required to be on the grounds, the full term of the Exhibition must be in place and ready for exhibition by 6 p.m. on Friday, August 28th.

The Exhibition will be open to the public on Saturday, August 29th, from 7 a.m. till 10 o'clock p.m., and from opening day till Saturday, September 12th, from 9 a.m. till 10 p.m. (except Sunday). The Exhibition will be considered officially closed at 10 p.m. on Saturday, September 12th, after which exhibitors must remove all their property from the grounds and buildings. No removals will, under any circumstances, be allowed before Monday morning, September 13th, except in the case of Live Stock, which may be removed after the parade of prize winners at 2 p.m. on Saturday, 12th September, and Agricultural and Horticultural products, which may be removed at 10 p.m. and 4 p.m. respectively on Saturday 12th Sept., and Poultry at 4 p.m., Friday, Sept. 11th.

The formal opening will take place at 2 o'clock p.m. on Saturday, the 29th of August.

A large number of special features and attractions of the highest order of excellence, in addition to the regular Exhibition, of which full particulars will be subsequently given, will be provided for the enjoyment of visitors.

Intending exhibitors and visitors are particularly requested to read carefully and consider the following rules and regulations governing the Exhibition, which will be in all cases strictly enforced.

ADMISSION TO THE GROUNDS

Admission to the grounds will be by means of registering turnstiles, and each PERSON MUST PURCHASE THE PROPER TICKET AT THE TICKET OFFICE BEFORE ENTERING.

Judges will be furnished with tickets and badges, the latter being intended only as a means of showing their official connection with the Exhibition, and not for the purpose of securing admittance to the grounds. Complimentary tickets will also be issued to members of the press, if applied for before the 26th of August.

ENTRIES: TIME OF CLOSING

All entries must be made on the printed forms accompanying the Prize List. These forms are to be filled up and signed by the exhibitor, and sent to the Secretary of the Association at Toronto, on or before the following dates:

For Live Stock, Dairy Products, Ladies' Work, Fine Arts, Honey, and all classes of Manufactures—

SATURDAY, AUGUST 8th

Grain, Field Roots, Horticultural Products, and Poultry—

SATURDAY, AUGUST 15th

Dogs—(See Special Prize List.)

MONDAY, AUGUST 17th

The entrance fee must in all cases be forwarded with the entry. No entry will be accepted unless this is done. Fees should be sent by Post Office Order, Postal Note, Express Order, or in bills in registered letter, and not in postage stamps.

Articles of work or specimens which have been awarded prizes at any previous Exhibition of this Association cannot be entered in competition for the prizes named in the Prize List for this year.

Exhibitors will please take notice that it is absolutely required that the entries be made on or before the dates above mentioned, in order to afford sufficient time to examine the entry papers, forward the entry tickets and to correspond with parties when necessary, for the correction of errors and omissions, and to prepare the Exhibition Catalogue.

No person will be allowed to enter for competition more than one specimen in any one section of a class, unless the additional article be of a distinct named variety or pattern from the first. This rule not to apply to animals, but to all kinds of grain, vegetable produce, fruit, manufactured articles, etc., to which each additional specimen would necessarily be precisely similar to the first.

Every article must be entered under some one of the headings in the regular list when possible; but if any article is of a distinct character from anything specified in the list, it may be entered as an extra in the class with which it most nearly corresponds.

On the entry of each animal or article, a card will be furnished the exhibitor, except in Live Stock, specifying the class, the section, the number of the entry, and the name of the exhibitor, WHICH CARD MUST BE PLACED ON AND REMAIN ATTACHED TO THE ANIMAL OR ARTICLE DURING THE EXHIBITION.

In all cases the right is reserved to reject or accept conditionally any entry or application at any time; and under no circumstances will articles which are offensive by reason of their odor or appearance, or which are dangerous by reason of their combustible or explosive character, be admitted; and if any such be introduced by an exhibitor, through misapprehension or otherwise, they may be removed by order of the Board of Directors.

Exhibitors shall, if required by the Directors, make a statutory declaration that the articles exhibited by them are exhibited in accordance with the Rules and Regulations of the Association; and in case any exhibitor refuses to make such declaration on being requested, all premiums awarded him, her or them shall be forfeited.

All protests will be decided by the Committee, and their decision shall not be subject to appeal.

The Board of Directors reserve to itself the right of determining all disputed cases, and from their decision there shall be no appeal.

The Board of Directors reserve the right to debar any entry from exhibiting, and upon such action, or in the event of an entry being disqualified from winning a prize by the decision of any Committee, the Exhibitor shall accept such decision as final without other recourse.

SPECIAL NOTICE—As it is intended to have the various departments of the Exhibition fully opened to the public at the time named, exhibitors are specially notified that articles or animals arriving after the above dates and hours will not be allowed to compete. Exhibitors of Machinery and other heavy articles are expected to have them on the grounds and placed in position the day preceding the opening of the Exhibition.

All boxes, wrapping and other packing material must be cleared away, and everything be in proper order, before 6 o'clock p.m. on Friday, the 28th of August.

Exhibitors must provide for the delivery of their articles upon the Exhibition Grounds. The Association will not, in any case, make provision for their transportation or be subjected to any expense therefor, either on their delivery at or return from the grounds. All expenses connected therewith must be provided for by the exhibitors themselves, and all express and cartage charges must have been prepaid.

Articles not accompanied by their owners may be addressed to the Superintendent of the Department in which they are to be exhibited, who will receive them on their being delivered at the grounds, if all cartage and all other charges on the same have been prepaid.

Exhibitors on arriving with their articles, should apply at the office of the Secretary, when they will be informed where the articles are to be placed.

Exhibitors must at all times give the necessary personal attention to whatever they have on exhibition, and at the close take entire charge of the same.

Exhibitors of animals, machinery in motion, and other exhibits liable to occasion accidents, injury or damage to persons coming in contact with them, shall guard their exhibits and protect the public from coming in contact therewith, and every such exhibitor

shall indemnify the Association from and against all claims and demands, costs, charges and expense which it may incur, suffer, or be put to by reason of any accident, or of any person being injured or suffering damage through or by reason of any such exhibit not being properly guarded or the public not being properly protected therefrom.

Articles placed on exhibition must not be removed until the close, except by permission of the Board of Directors; and except also in the Fruit, Vegetable and Floral sections, where such removal is necessary for renewal to provide a continuous display.

The Association will take reasonable precaution to ensure the safety of exhibits sent to the Exhibition, but the owners themselves must take the risk of exhibiting them; and should any exhibit or portion thereof be accidentally injured, lost or stolen, the Association will give all the assistance in their power towards the recovery of the same, but WILL NOT MAKE ANY PAYMENT for the value thereof.

At the close of the Exhibition, exhibitors must remove their exhibits as early as possible. Any article or stand left in the buildings or grounds after this time will be at the risk of the owner.

MEDALS

Medals will be awarded in lieu of Money Prizes when desired by exhibitors, subject to approval by the Board of Directors.

RAILWAYS, STEAMBOATS AND CUSTOMS

Favorable arrangements have been made with all the Railroad and Steamboat Companies for the conveyance of passengers and articles to and from the Exhibition at greatly reduced rates, and for special excursions from all parts of the Dominion and the northern portion of the United States.

Live Stock and all other exhibits sent as freight by railway (not by express), will be returned free on lines in Canada only on the freight having been prepaid one way, that is, to Toronto, *but to obtain this concession*, exhibitors must obtain from the Secretary of the Exhibition before leaving the grounds a certificate to be presented by the shipper with the original Bill of Lading to the Railway officials when reshipping the goods on their return journey.

Arrangements have also been made with the Customs Department for the admission of articles from foreign countries for exhibition, free of duty, on giving the customary bond, but exhibitors must attend to the bonding of their exhibits themselves.

All Stock, Implements, Machinery, etc., can be unloaded from the railway cars directly upon the grounds, the expense of transshipment being thus avoided.

All articles sent by express will be delivered on the grounds without extra charge by the Express Companies.

The contractors for the supply of refreshments at the restaurants and all persons keeping refreshment stands, must lay in their supplies before 8 o'clock a.m., unless under special unavoidable circumstances, when permission must be obtained from the Manager.

If any person wilfully injures or destroys any property within the Exhibition Grounds of the Association, or hinders or obstructs the officers or servants of the said Association, or any policeman

or constable duly appointed, in the execution of his duty, or gains admission to the said grounds contrary to the rules of the Association, he shall be liable to a fine of not less than one, or more than twenty dollars; said fine to be enforced and collected, as fines are usually collected, and to be paid over to the Association for its use and benefit; and in default of payment, the said offender shall be imprisoned in the common gaol for a period of not more than thirty days.

The officers of the Association have the power, by their Act of Incorporation, to enforce these rules and to prohibit and prevent all kinds of gambling; to regulate or prevent, without permission, the huckstering or trafficking in fruits, goods, wares or merchandise on the Exhibition Grounds, or on the streets within three hundred yards thereof; and any person, who, after due notice of such rules, violates the same, shall be liable to be removed by the officers, policemen or constables of the said Association, and be subject to the penalty prescribed by the next preceding section.

REGULATIONS FOR MANUFACTURERS AND LIBERAL ARTS

ONE EXHIBITOR'S ticket, admitting an exhibitor three times each day and *positively not transferable*, may be purchased by any individual exhibiting, and, if a firm, by any member thereof, at the office of the Association on the grounds, at the following rate, viz.: For the whole Exhibition, \$1.

Attendants on exhibits who may wish to pass in and out of the grounds frequently during the day, will be furnished with a ticket allowing them to do so, on their supplying the Secretary with their photograph suitably prepared on thin paper, about the size of a postage stamp, to be pasted on their ticket as a means of identification, on or before the 27th of August, but not otherwise.

In all manufacturing classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves in person or their properly authorized agent.

ENTRY FEE

Manufactures, Implements, Machinery, Stoves, Carriages—\$1 for each article, or \$3 for unit of space 8 ft. x 8 ft., and \$5 for larger than above space. Ladies' Work, 1 entry, 25 cents; each additional entry, 10 cents.

APPLICATIONS FOR SPACE

For the exhibit of all classes of Manufactures, applications for space should be made to the Secretary as early as possible. Space will be allotted according to order of application, from the 1st of June up to the 12th of August, after which date it will be allotted according to the extent previously undisposed of.

PREPARATORY WORK

On and after Monday, the 17th of August, exhibitors, their agents and workmen will be admitted to the grounds and buildings for the purpose of making preparatory structures, or getting Machinery and Implements into position.

Implements, Machinery, Stoves, Manufactures of all kinds, Honey, Fine Arts, etc., must be delivered on the grounds and placed in position by 6 o'clock p.m. on Friday, August 28th.

PROCESSES OF, MANUFACTURE

The Association hope that manufacturers who are in a position to do so will send some of the machines used by them in the manufacture of their products, and show them in operation, and it is certain that they will be amply repaid for their trouble by the extra benefits they will receive from such an exhibit.

MISCELLANEOUS

Every facility will be afforded for the transaction of business, by taking orders, but no delivery of articles sold can be made on the premises during the Exhibition, except by special arrangement.

Where space has been awarded to any exhibitor, the Board of Directors reserve the right, in case any such exhibitor shall fail to have his exhibits placed by the proper time or shall fail to make or maintain a creditable display, to declare the space allotted to him, or any portion thereof, forfeited. Exhibitors must arrange their exhibits in as neat and attractive a manner as possible, and neatly fit up the space allotted to them, in default of which the Directors may cancel their entries and require the removal of the goods.

The Board of Directors reserve the right to prescribe the dimensions and regulate the positions of all signs, and generally to direct the management of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance. Exhibitors will not be allowed to distribute about the grounds or buildings hand-bills or other advertisements that may cause a nuisance. Neat cards for this purpose are recommended, as they are more likely to be kept by visitors and not thrown on the ground.

No exhibitor or attendant shall be permitted to make unseemly noises, that may be considered a nuisance, in calling the attention of visitors to his exhibits; and any exhibitor or attendant that may be guilty of distributing any advertising cards or other notices that may be considered immoral or objectionable by the Board of Directors, shall forfeit his space and all other privileges, and shall be removed from the Exhibition Grounds.

REGULATIONS FOR AGRICULTURE AND LIVE STOCK

NECESSARY ATTENDANTS upon stock will be furnished with special passes on applying at the Secretary's Office on the grounds. These passes will bear the name and description of the persons to whom they are issued, and if presented by any other person, will be forfeited. They will admit the holder three times each day. As these passes are positively not transferable under any circumstances, exhibitors who may desire to change their attendant must have their passes exchanged at the office. The names of all attendants must be written on the passes, and no pass will be accepted at the gate until the name of such attendant has been written thereon in ink.

The issue of these passes will be limited as follows: Horses—one for every two up to six, one for every three over that number; Cattle—one for every herd of six; Sheep—one for each breed shown, or one for each pen or flock; Pigs—the same as for Sheep; Poultry—one for each exhibitor who makes eight or more entries. No passes issued for Grain, Garden Products, Fine Arts, Women's Work, Fruit or Horticultural Products. For Speed Contests, tickets and ring badges will be issued to owner, driver, and one helper.

No attendant's pass will be issued to any exhibitor whose entrance fees amount to less than one dollar, but such exhibitor may purchase as "exhibitor's ticket."

The entry ticket upon animals or articles will admit the person bringing them to the Show Grounds for exhibition, when accompanying such animals or articles, on their first entering, without the use of any other ticket; BUT AFTERWARDS SUCH PERSON MUST BE PROVIDED WITH A REGULAR PASS, AS ABOVE, OR HE WILL HAVE TO PAY THE REGULAR ADMISSION FEE.

In the Horse, Cattle, Sheep, Pig, and Poultry Classes, the entry must in every instance be made in the name of the *bona fide* owner or duly authorized agent, and unless this rule be observed no premium will be awarded, or if awarded will be withheld. If any person shall exhibit any animal or bird of which he is not the *bona fide* owner or duly authorized agent, he will forfeit any premium which may be awarded him, and be precluded from exhibiting in future. (See Special Rules at the head of each Department in Prize List).

ENTRANCE FEES

The charges for exhibiting at this Exhibition are by fees, as follows: Horses—Entrance, \$1 per entry in the Breeding Classes and \$2 for each entry in the Harness, Hunter, and Saddle Classes; except otherwise stated, stabling free. Cattle, one year and over—Entrance, \$1 per head; stalls free. Cattle, under one year—Entrance 50 cents per head; stalls free. Sheep—Entrance, 50 cents per head; pens free. Swine—Entrance, 50 cents per head; pens free. Poultry—25 cents for each entry. Agricultural and Horticultural Products—25 cents for each single entry up to 4; 5 entries, \$1; all over 5, 10c. for each entry.

(Dairy Products and Fine Arts, 25 cents for each entry, except where otherwise stated. Children's Department, free.)

DELIVERY OF LIVE STOCK AND ARTICLES AT GROUNDS

All Plants and Flowers in pots must be delivered on the grounds and arranged on the tables by 1 p.m. on Monday, August 31st. Dairy Products must be in place by Friday, August 28th. Agricultural Products, Roots, Grain and Vegetables, must be delivered and placed on exhibition by noon on Thursday, September 3rd. Ladies' Work, August 26th.

Horses must be delivered on the grounds not later than noon, Saturday, August 29th, except coming from another Exhibition; Cattle, Sheep, and Pigs may be delivered on the grounds any time on August 29th; but in no case will they be received later than Monday, August 31st; Poultry by noon, September 2nd; Cut Flowers by 11 a.m. on Tuesday, September 8th, and all Fruit by 10 p.m. on Monday, September 7th.

LIVE STOCK

The live stock buildings are equal to the best on the continent. Straw for bedding and water will be furnished for Horses, Cattle, Sheep and Pigs, and feed for Poultry without charge, from the opening until the close of the Exhibition, so that the stock may be taken to the grounds immediately on their arrival. Hay and grain for Live Stock will be for sale on the grounds at lowest market prices. Exhibitors will please report at once if unreasonable prices are exacted.

No animal suffering from a contagious disease will be admitted to the grounds, or if admitted through oversight, on discovery of the same, it shall forthwith be removed.

The production of any of the animals in the Show Rings may be ordered by either of the Committees on Live Stock, for review or other purposes, at any time during the Exhibition; and any exhibitor or attendant refusing to bring such animal or animals into the ring when so required, shall forfeit his entry fees and any premiums which may have been awarded him, and be precluded from exhibiting in future.

JUDGES AND JUDGING

PAYMENT OF PRIZES

The Treasurer will be prepared to commence paying the premiums at his office on the grounds, for all classes of exhibits, except horses and cattle, on Friday, September 11th, at 11 a.m., and on horses and cattle after the final parade in front of the Grand Stand, on Saturday September 12th, on report from Superintendent that all have taken part in the same. Prizes will be withheld from those not taking part in the parade.

Parties who may have prizes awarded to them are particularly requested to apply for them before leaving Toronto, PRESENTING AN ITEMIZED STATEMENT OF PRIZES CLAIMED, or leave a written order with some person to receive them, *stating the articles for which prizes are claimed.*

Persons entitled to premiums must apply for them at the Secretary's Office, on the grounds, who will give *orders on the Treasurer* for the amount. These orders must be endorsed, as they will be payable to *order*, not to *bearer*; and on presentation to the Treasurer, promptly endorsed, will be paid either in cash or by cheque on the bank.

Orders for premiums not applied for as above will be issued by the Secretary, and the amount forwarded by the Treasurer, as soon as possible after the close of the Exhibition, to the address on the entry forms.

All persons to whom a prize is awarded, and who do not receive the same as above, must apply to the Secretary of the Association for payment thereof in writing, on or before the 30th day of November of the year in which such prize is awarded, or such prize will be forfeited.

JUDGES AND JUDGING

The Judges will be appointed by the Board of Directors previous to the Exhibition, and will receive a circular informing them of the fact, and when to report at the office on the grounds.

No person will be allowed to act as Judge who is in any way interested in the animals or articles to be examined.

The judging will commence, if possible, at the times stated in the various departments of the Prize List.

It is desired that all the Judges of each class sign their books and go together to hand in their report at the Secretary's Office as soon as possible after completing their duties, instead of sending it in by one of their number, and to remain together until their book has been examined by the Secretary or his assistants, in order that cases of error or doubt may be more promptly and easily made right.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second or any premium. It does not follow that because a prize is offered for any particular animal or article that it must be awarded, unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. **The Judges are particularly requested to note this fact.**

In addition to the stated premiums offered for animals or articles enumerated in the list, the Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by tickets with the words "Highly Commended" upon them. These tickets will, however, not entitle the holder to any money payment.

No award of a prize not offered in the List will be paid until sanctioned by the Board of Directors of the Association.

Exhibitors can ascertain from the Superintendents of the several Departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the Judges have overlooked animals or articles will therefore be considered by the Directors.

Any exhibitor lodging a protest must make it in writing and it must be delivered to the Secretary's Assistant within six hours of the cause of protest. It must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$5, which sum may in the discretion of the Board be forfeited to the Association if the protest be not sustained, but this provision shall not preclude the right of any director or judge to bring any case of fraud in an exhibitor before the notice of the Board of Directors for their consideration, and in which case the Board reserves full right to act in the premises as fully and to the same extent as if a formal protest had been filed by an exhibitor.

The Judges are particularly requested not to leave the grounds until they have ascertained from the Secretary's Office that there are no protests against the awards in the classes they have judged.

The Judges are expected, in the execution of their duties, to be careful to act with the most rigid impartiality, in all cases of doubt or difficulty referring freely to the Secretary, or to the Committee of the Association in charge of the Department.

No animal or article exhibited shall have about it any prize colors or cards until the awards have been made in their respective classes.

No person shall be permitted in the Judging Rings during the time of judging except the Judges, the grooms or persons in charge of the animals and members of the Committee. **Except that no Director or Member of the Association shall be allowed to lead or handle his stock at the Exhibition whilst competing for prizes or be present in the ring during the judging of such.**

All prize cards which have been affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

Any person, who shall attempt to interfere with or influence the Judges while in the discharge of their duties or who shall at any time on the premises of the Association use any contemptuous or abusive language to any judge or within his hearing in consequence of any award made by him, or any exhibitor refusing to accept any award made by a Judge, shall forfeit his right to any premiums to which he might otherwise be entitled and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to report any breach in this rule.

Upon the discovery of any fraud, deception, or dishonest practice in the preparation or ownership or of any misrepresentation concerning any animal or article exhibited which may have affected or have attempted to affect the decision of the Judge or Judges, or upon the discovery of any fraud or deception in making an entry or entries on the part of any exhibitor, the Board of Directors reserve the right to withhold the payment of any prizes awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of any such person or persons as may be deemed most expedient, and any prize or prizes so withheld shall be awarded as though such exhibitor or exhibitors had not shown or exhibited.

If it be proved to the satisfaction of a majority of the Board of Directors that an exhibitor has been guilty of any of the above named dishonorable practices at any other Exhibition held in Canada or the United States of America, or has falsified any pedigree or otherwise dealt unjustly with the public, said exhibitor may be excluded from exhibiting at this Association in future by said Board of Directors.

Any cases where protests are entered for improper or malignant purposes, the Board may exclude the party making such protest from exhibiting for two years thereafter.

Decision of Judges shall be final and no protest or appeal will be entertained except in cases where actual fraud is alleged against the Judge.

The Judges are requested to make any suggestions or recommendations they may deem necessary for consideration by the Directors with a view to improving the Prize List for future exhibitions, at the end of their book before handing in the same at the Secretary's Office.

MISCELLANEOUS

FIRE AND POLICE PROTECTION

The most careful and thorough arrangements possible are made to guard against fire. At the Fire Hall on the grounds a detachment of the City Fire Brigade will be present night and day, and the grounds are connected with all the Fire Halls by telephone; and with the precautions taken, it is believed the danger of such an occurrence is very remote; but exhibitors desiring insurance must give the matter their personal attention.

An ample police force, detailed for the purpose by the city, will be on duty night and day during the continuance of the Exhibition. But exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Association will not be responsible for loss or damage by theft, fire or otherwise. Small and valuable articles should be exhibited in show cases, which may be securely locked when desired.

INQUIRIES

as to the Exhibition and its arrangements before the opening should be addressed to the Secretary at Toronto. During the Exhibition inquiries may be made at the Association Offices on the grounds.

THE PRESS

The Press Bureau is located near the Secretary's Office on the grounds. Members of the Press are cordially invited to the Exhibition. Ample accommodation will be provided for them, and all necessary information will be promptly furnished. Editors are requested to notify the Secretary two or three weeks previous to the Exhibition of the name or names of representatives they will have on duty, in order that tickets for them may be forwarded. No complimentary tickets of any kind will be issued after the Exhibition is open.

GENERAL CONVENIENCES

The Great North-Western and Canadian Pacific Telegraph, the Telephone, and the Express Companies and the Post Office Department have offices on the grounds; and there is a Post Office at which mails are received and despatched twice daily.

Visitors may be assured of finding on the grounds everything necessary to the convenience and comfort of young or old, during the entire day. Ample restaurants and lunch rooms, managed by experienced caterers, and under the supervision of the Board of Directors, as to the price and quality of food, serve meals and refreshments during hours of exhibition at reasonable rates. A barber's shop, wash rooms, and bicycle and parcel rooms, in charge of responsible parties, are conveniently located for the accommodation of visitors.

(Entrance fee in the Breeding Classes \$1.00 for each entry, and in Harness, Hunter and Saddle Classes \$2.00 for each entry. All Champion prizes are considered Post Entries, and are free.

Special rules governing the exhibit of horses in the horse rings will be issued at the time of exhibition, and all exhibitors will be required to conform to the same. The ages of horses will be calculated to the 1st of January, 1903. See also General Rules.

Horses may be measured by the official Veterinaries of the Association at any time previous to being brought into the ring for competition. Their certificate of height will be considered the official height of a horse during the present Exhibition. Any horse not previously measured may be measured by the Veterinaries during competition. A Veterinary Surgeon shall be stationed in the judging ring during competition for the purpose of pronouncing on the soundness of any horse when requested to do so by the Judges or Committee.

For the purposes of the Catalogue all entries must be as full and complete as possible. Numbers corresponding with those in the Catalogue will be furnished exhibitors on their arrival at the grounds, and the number of stall the horse is to occupy will be sent to exhibitor on or before August 24th, and no animal will be allowed in the ring without having its number on. All horses, except foals of 1903, winning a first prize at the present Exhibition, **must be shown** for championships.

All stalls must be cleaned out before 7 a.m., so that refuse can be cleared away before the arrival of visitors.

All animals competing for prizes must be entered in the names of their *bona fide* owners or their duly authorized agents, except in the case of progeny which need not necessarily be the property of the exhibitor. Should doubts arise the Judges may require affidavits of ownership from the exhibitor.

In making entries the owner's name and address in full, the name of animal, its age, color, markings and sex must be given. (These are imperative.) Names of sire and dam must be given if known.

In stabling, all horses will be classified according to their different breeds and in the order in which they are entered on the Association's books.

In the class of Thoroughbred Horses, full pedigrees, properly certified, must accompany the entry, or the number of registration in the Stud Book, with names of sire and dam, must be given on the entry form. In the classes for Clydesdale, Hackney, and Shire horses all animals must be registered in the Canadian Stud Books. No animals will be allowed to compete as pure bred unless they possess regular stud pedigrees.

A Canadian Bred Horse shall be understood to be a horse that is *foaled in Canada*.

In the Breeding Classes no horse will be allowed to compete in more than one class except when competing for progeny, in teams, or champion prizes. This restriction does not apply to other classes.

No horse or any other animal having a contagious disease shall be allowed to occupy any stall or building on, or be admitted to the exhibition grounds, and if any animal has been admitted through an oversight suffering from any such disease, the Committee shall immediately order its removal from the grounds.

No horse will be allowed a premium unless sound, except in cases of stallions and brood mares injured by accidents which does not lessen their usefulness, and in the speed classes which **must** be practically sound.

Horses must be shown uncovered, and in such a manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out.

The Judges will commence their duties on the day specified for each class, but may continue their work during consecutive days at the discretion of the Horse Committee. All postponed judging will commence next day as may be ordered.

Exhibitors who may desire to take their horses away at night will be allowed to do so **only on order of Chairman** and on depositing \$5 with the Secretary as a guarantee for the return of the animal next morning. If the horse is not returned by 10 a.m. the next day, the amount deposited and the occupancy of the stall or stalls will be forfeited to the Association.

All horses must be brought out for judging or parade purposes whenever required by the Committee through their officials, and all prize winners must take part in the final parade on the last day of the Exhibition.

Exhibitors, or their employees, not complying with this or any other rule shall, if so decided by the Committee, forfeit all prizes awarded them and the right to exhibit at future exhibitions of the Association.

No horses or judging of any kind will be allowed on the track in front of the Grand Stand after 5 o'clock p.m.

Parties entering a horse or horses and not bringing same to the Exhibition and occupying the stall allotted shall be subject to a penalty of \$5 on each animal, unless notifying the Secretary of their inability to exhibit the same, for good cause, not later than August 20th. This rule will be rigidly enforced unless in the case of sickness or accident to the animal, when a certificate from a Veterinary Surgeon must be furnished.

All horses competing for Prizes must be on the grounds by noon on Saturday, August 29th. In case of horses coming from any other exhibition, they may upon decision of the Committee be admitted on Monday, August 31st. Horses may, however, be brought to the grounds any time between August 27th and date named above, for which stalls and fodder will be ready.

The Judges are requested to name a "Reserve" in all Sections, in case of any protest being sustained, and are authorized to award "Highly Commended" and "Commended" cards as additional prizes in any Section where the competition and exhibit is worthy.

All Exhibits in this Department must be delivered by noon on Wednesday, Sept. 2nd.

Judging will commence on Thursday, Sept. 3rd, at 9 a.m. sharp, and birds not in place at that time will be debarred from competition.

No exhibitor shall interfere with or enter into discussion with the Judges whilst they are engaged in their work, and any infringement of this rule shall disqualify such exhibitor and cause the forfeiture of any premiums which may have been awarded him.

All medals for collections to be awarded by the Judge.

Exhibitors in this Department, whose entry fees amount to two dollars and over, will be granted a pass to the grounds during the time the poultry is on exhibition.

Under penalty of arrest or expulsion from the grounds, no one will be permitted to handle the birds on exhibition, or remove eggs laid, except their owners.

In Class 232, a 3rd prize of seventy-five cents will be added where the entries number 8 or over, and where there are 12 entries and over, the prizes will be \$3, \$2, \$1, and 50 cents in each section.

This department of the Exhibition will be under the management of the Poultry Committee. Articles will be received for exhibition only; they must, however, be entered with the Secretary in the same manner as articles in other classes.

All exhibits in this class must be on the grounds not later than Wednesday, September 2nd, at noon.

DAIRY BUILDING

DAIRY PRODUCTS AND UTENSILS, BUTTER- MAKING COMPETITIONS, ETC.

COMMITTEE.—Messrs. A. F. MacLaren, M.P. (Chairman); Edward Kidd, M.P. (North Gower), J. N. Paget, Jas. Whitten, Andrew Gunn, and Jno. Muir.

(Entrance, Fee, 25 cents each entry.)

A new Dairy building with about one acre floor space having been constructed of cement blocks during 1902, fitted up with all the most down-to-date apparatus, including cold storage system, etc., installed by the British Linde Refrigeration Co., Montreal, every Butter and Cheese Manufacturer in Canada should make it a point to visit the Exhibition this year. Lectures and demonstrations of a practical nature in butter and cheese making, operating cream separators, testing milk, etc., in different stages, daily from 10 a.m. to 5 p.m., under the guidance of Prof. Dean, of O. A. C., Guelph, will be given by the Chairman, Superintendent, Judges and other well-known persons.

Arrangements have been made to have Cheese-making, in its various stages, illustrated during the period of the Butter-making competitions.

A written declaration will be required from each prize taker that the cheese shown were made in the factory named. The latter also applies to creamery butter. All Butter and Cheese sent to the Exhibition will become the property of the Association, and will be sold by public auction on the grounds on Tuesday Sept. 8th, and money so obtained remitted promptly to exhibitors.

Any exhibitor misrepresenting as to dates or otherwise will forfeit any prize that may be awarded to him, her or them.

Entries positively close August 8th.

Any factory or manufacturer can compete, but no factory or manufacturer can compete under different names in the same section.

All butter competing for the prizes for creamery butter must be the product of an established creamery or butter factory

All cheese and butter exhibited must be salted with some improved dairy salt, and with a view of securing a uniform salting of the butter exhibited, it is recommended that seven-eighths of an ounce of salt be used to each pound of butter.

The cheese will be judged by a scale of points, as follows: Flavor, 40; Closeness, 15; Even Color, 15; Texture, 20; Finish, 10; total, 100.

The butter will also be judged by a scale of points, as follows: Flavor, 45; Grain, 25; Color, 15; Salting, 10; Finish and Package, 5; total, 100.

The Judges will attach to each lot of butter and cheese exhibited the card of points awarded by them.

No brand or other distinguishing marks will be allowed on any of the boxes, tubs or crocks in which cheese and butter are exhibited, other than the entry ticket.

Exhibitors of cheese and butter will be entitled to receive the score card by the Judges, giving the number of points made by their exhibits, which, if not called for at time of Exhibition, will be mailed to them after it has closed.

Exhibitors in this department, who do not desire to come with their exhibits, can address them to the Superintendent of the Dairy Department, Exhibition Grounds, Toronto. (*see below for directions*), from whom they will receive every care and attention, but exhibitors in Butter and Cheese should allow in weighing for shrinkage, so as to prevent disputes in selling.

The Butter is kept in large, new, glass refrigerators constructed especially for the purpose.

All Butter and Cheese not receiving a money prize and scoring 94½ points and over will be awarded a Silver Medal.

All exhibits in the Dairy Department must be delivered and placed at noon on Saturday, Aug. 20th, and exhibitors are requested to have their Cheese and Butter as perfectly finished and stylish as possible. The judging will commence at 9 a.m. on Tuesday, Sept. 1st.

Card to be used by each exhibitor in Butter and Cheese, which must be filled in and securely fastened to each exhibit:—

FLORICULTURAL COMMITTEE.—S. E. Briggs (Chairman); John Chambers (Vice-Chairman); J. H. Dunlop, W. E. Wellington, J. K. Leslie, George Vair, E. Tyrrel, T. Manton, W. Jay, H. Simmers.

FRUITS, PLANTS, FLOWERS, ETC.

(Entrance Fee in this Department. Single entries up to four, 25 cents each; five entries \$1.00; all additional entries, 10 cents each entry.)

The entries in this department will be exhibited in the Horticultural Hall. Exhibitors of Fruit will be allowed to replace any portion of their exhibit that may have become decayed after being placed on the tables, to properly maintain their display, and for this purpose are requested to bring an extra supply with them.

Competitors can only make one entry and receive only one premium in each section.

All articles to be correctly named and properly labelled.

The names of the exhibitors will not be allowed on the exhibits until the prizes have been awarded.

In arranging the fruits on the table, exhibitors will be required to place the varieties, as far as possible, in separate groups. When a certain number of varieties is specified, there must be neither more nor less. Premiums will be withheld if the samples are not worthy.

Entries positively close Saturday, August 15th.

All Plants and Flowers in pots must be delivered and arranged on the tables by 1 p.m. on Monday, August 31st.

All Fruit must be in the building and be properly displayed by 11 p.m. on Monday, the 7th of September, and all not in by that time will be excluded, as judging will commence on Tuesday, the 8th September, at 9 a.m.

Cut Flowers must be delivered and arranged by 11 a.m. on Tuesday, September 8th.

Positively no exception will be made to the above rules as to the delivery of exhibits, and no excuse for non-delivery at the proper time will be accepted. Exhibits arriving late may, however, be placed on the tables, but will be debarred from competition.

All articles once in the Hall are under the control and subject to the order of the Committee or Superintendent in charge of the department, and cannot be removed or withdrawn without permission. Plants which have been damaged may be removed and replaced by others, subject to the approval of the Committee. All persons may be excluded from the Hall, if the Superintendent of the Department deems it necessary, until the awards are made.

By a variety of fruit is meant an established variety, known as such to pomologists. New varieties, with only local names, are classed as seedlings.

Exhibitors must furnish the Superintendent of the Department, as soon as they arrive, with a list of their entries, so that proper space may be reserved.

No cards allowed on any exhibit except those furnished by the Association to be found in the envelope.

Exhibitors are particularly requested, in order to avoid unnecessary labor, to enter only such articles as they intend to exhibit.

The Horticultural Hall will be closed at 4 p.m. on Saturday, the 12th September, after which hour exhibitors will be allowed to remove their exhibits.

See Rules and Regulations, page 5.
